About ADVAITA

Eleven years ago, the seed of an ambitious idea was planted - to organize a techno-cultural festival that seamlessly blended technology and culture together. This idea was given the name "Advaita," meaning "non-duality," reflecting the intention to bring together seemingly disparate worlds.

Over the past Eleven Years, Advaita has not only thrived but has become one of the most highly anticipated and well-attended events in the state of Odisha. Each year, the festival reaches new heights, consistently offering top-notch events that attract a substantial and diverse crowd.

Building on this legacy, Advaita 23 featured esteemed artists such as Asees Kaur (2 Filmfare Awards and an IIFA Award Winner), DJ Carnivore, Band Parashara, and Standup Comedian Swati Sachdeva.

In its illustrious history, Advaita has been graced by renowned celebrities, including Nikhil D'Souza, Yellow Diary, Kumar Varun (2020), Arjun Kanungo, DJ Saina Catherine, DJ Audio Addict (2019), Gajendra Verma, The Local Train, Teri Miko (Sunburn) (2018), Lost Stories (VH1 SuperSonic), Lagori (Coke Studio) (2017), Progressive Brothers (Sunburn), and Raghu Dixit (Coke Studio) (2016).

As we look ahead to Advaita 2024, we are excited about the potential for even more groundbreaking performances and diverse cultural and technological experiences. Stay tuned for updates on the artists and events that will make Advaita 2024 another memorable edition.

Through our unique Campus Ambassador program, Advaita has a reach of more than 150 colleges all over the country, drawing in over 15,000 students annually. The four-day festival is jam-packed with technological events throughout the day and celebrity performances at night, offering a truly diverse and exciting experience for attendees. From technology to music, art, dance, fashion, and more, Advaita truly has something for everyone.

This year, we are aiming even higher, pushing the boundaries and exploring new possibilities to make the impossible possible. We invite you to join us for this four-day extravaganza of the highest caliber, where art and technology come together in a truly unique and unforgettable experience.
